User to input goal
Display do you want to continue?
Yes
No
End of session

Challenges

- Finding a food/calorie ruby gem to integrate into the app
- GitHub - branches, displaying/sizing images
- Testing the code
- Keeping the code dry

Ethical Issues

- Encouraging users to set a realistic goal
- Maintain encouraging tone
- Functionality to include differing requirements on genders

Favourites

- Adding colour to the code
- Running the code
- Building the list
- Researching gems
